# Let us help increase your revenue per vehicle

## Digital Menu Sign

The ICS Digital Menu Sign is the next step in the evolution of on-site car wash signage. With the ICS Digital Menu you can bring your site to life and fully animate your menu packages as well as promote upgrades, gift cards, club programs, additional site locations, other revenue-generating services, and much much more. The state of the art menu board features a 46" ultra-bright sign that is sunlight-readable and fully supports graphics, animations – even HD video – and are customizable for your branding and messages.

## Digital Menu Fully Supports: Graphics, Animations, Videos

**Profits** – Entice Customers to Purchase Top Wash Packages And Extra Services

**Display** – Sunlight Readable Liquid Crystal Display

**Promote** – Club Programs and Specials

**Resilient** – On-board Heating & Air-Conditioning

**Capture** – More Attention Using HD Video

*...plus so much more*

## Connect to your performance data from anywhere

### WashConnect®

WashConnect is the industry's most robust multi-site point of sale and car wash management solution. This cutting edge system provides the real-time financial, operational, and performance data that enables car wash operators to successfully manage the effectiveness, efficiency, and profitability of their car wash programs.

- Task-Centric Reporting
- Point-of-Sale
- Site and Alert Monitoring
- Connect with Your Performance Data
